### Zoning

#### Zoning Administrator

- Motion unanimously approved.

### Noise Ordinance

The trustees are trying to determine the most effective way to deal with noise complaints within the township.

- A proposed noise ordinance for the township has been posted on the township web site and a survey was mailed to residents. Mr. Clase compiled the results of the survey and the trustees have received many calls regarding the noise ordinance. Concerned citizens were asked to attend the trustee meeting.
- Chief Deputy Morgan invited Tim Aslaner, the City of Marysville Law Director, to attend the meeting to inform attendees on how Marysville resolves noise complaints and to answer questions. The City uses the disorderly conduct statute in the ORC which law enforcement to issue warnings or citations for noise complaints.
- The majority of noise complaints within Millcreek Township are related to gun shots and loud music.
- Residents in attendance were given time to voice concerns about the proposed noise ordinance as well as individual noise complaints. Some residents who had previously contacted the Sheriff's Department with noise complaints felt the Sheriff's Department had not done enough to resolve their complaints.
- After a discussion, the consensus of most citizens in attendance was they would like to achieve balance without enacting a noise ordinance and work with the Sheriff's Department using the disorderly conduct statute.
